EFRA (Ref: MO43) For Weather Forecast Planning Issued on Wednesday, 14 June 2023 at 05:36 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: With sunny weather and winds originating from the continent, air pollution levels are expected to become widely Moderate today, especially in the south of England, and perhaps very locally High during the afternoon.

Tomorrow: Air pollution levels are expected to remain widely Moderate on Thursday, as warm sunny conditions persist.

Outlook: Widespread areas of Moderate air pollution are expected to continue during the period.
